Molecular Biophysics & Structural Biology Graduate Program

Elective Course Selection Form

Instructions: ***Within six weeks of beginning the semester in which you choose to take an elective course, please download this form, fill out the GENERAL INFORMATION section, then send this, along with the full syllabus of the course that wish to take, to John DiRicco (JVD38@pitt.edu). John will then send this out for completion of the SIGNATURE section using Docusign (note, scanned and signed forms will not accepted)***

GENERAL INFORMATION

Student's Name: _____ **Student's Email:** _____

Elective Course Title : _____ **Elective Course Number:** _____

Elective Course Instructor: _____ **University Offering Course:** **Pitt** ◉ **CMU** ○

Semester course will be taken: **Fall** ◉ **Spring** ○ **Summer** ○ **Year:**

Please Complete this Section to Indicate Proposed and Past Elective Course Requirements:

Elective Course Requirement	Elective Course Proposed Here (select one option below)	Previous Completed Elective Course (if yes, select one option below) Yes ○ No ◉
Enhance background in biophysics and structural biology	◉	☐
Build knowledge in area of specialization	○	☐

Please provide justification for choosing this elective course:

SIGNATURES (To be completed by Docusign – please send to John DiRicco, JVD38@pitt.edu who will handle this)

Student: I have discussed this elective course my mentor and I believe this choice is well-considered and complies with MBSB requirements:

Student: _____Date: _____

Student's MBSB Mentor: I have discussed this elective course with the student and I concur that this choice is well-considered and complies with MBSB requirements:

Student's MBSB Mentor: _____ Date: _____

MBSB Curriculum Committee Chair: This elective course selection is approved:

MBSB Curriculum Committee Chair_____ Date: _____
