Student:

I have discussed this rotation with my first year mentor and I believe this choice is well-considered and complies with MBSB requirements:

Student: _____**Date:** _____

MBSB Rotation Mentor:

I am an MBSB training mentor, and I anticipate having resources to support a graduate student beginning at the end of the student's first academic year. In the event that I experience a gap in funding, I have verified that the funding will be covered by my department or college:
